Pencils:

- All pencils made in China, the Enviro pencils, and Zellers Paper Plus HB pencils are too cheaply made and cause nothing but problems.
- Berol Eagle USA HB2 pencils have lead that is far too dark and so makes it very hard to erase. When the lead breaks the whole pencil end breaks off as if it has been cut with a saw!
- **Some brands that seem to work well are Dixon, Venus & Papermate pencils.**

Glue Sticks:

- Ross & Elmer brand glue sticks are NOT good. They are too rubbery and do not spread well.
- **The brand that works best is the yellow and white UHU stick.**

Notebooks:

Please do not buy any notebooks or project books that have dotted lines inside (interlined). The dotted lines make them too narrow for the students to print in. It just frustrates them terribly, especially when they are just learning to print. **Please DO NOT purchase the TALL 80 page Hilroy notebooks.**

PLEASE CLEARLY MARK ALL SUPPLIES, INCLUDING SHOES, CLOTHING, ETC.

Unfortunately novelty items can be distracting. Please avoid purchasing them.

Please note that it is **NOT NECESSARY** to purchase new crayons and similar materials every year. Frequently last year’s are adequate.

School t-shirts and shorts are available for purchase in the fall. We encourage students to purchase these in order to promote school spirit.

Students will register and start regular classes on **Thursday, August 27, 2009.**

A standard fee of **\$30.00** per student will be collected. Please pay when children register or before **Friday, September 4, 2009.** Grades 1 to 8 will receive student planners at a cost of **\$5.00** per student. The school will cover the remainder of the cost for the agendas. A one time lock fee is charged to students in grade 4 and up or any new students. This fee is reimbursed when the student leaves Spruce Home School. (One cheque may be written to include registration fees as well as agenda fees. Please make cheques payable to Spruce Home School.)

Looking forward to the 2009-2010 school term!
