Curriculum Implementation Stages

Awareness - curriculum overview

Exploration - unit planning, teaching strategies, integration into existing curricula

Synthesis - implementing and seeing using relationships of curriculum parts

Refinement - thorough incorporation of all curriculum components and integration with other curricula

Middle Years Curricula Implementation

Goal: Teachers will have the opportunity to examine the changes that have been made to Middle Years curricula and learn how to incorporate indicators and strategies in order to achieve the outcomes in each curriculum document.

So that teachers...

- will examine the philosophical shifts and commonalities in the new curricula
- will gain awareness of the outcomes and indicators in the new curriculum documents
- gain confidence with the new information they have to focus on when planning for each subject area

So that students...

- are able to achieve the curriculum outcomes in each subject area benefit from inquiry based differentiated instruction
