**Goal:** This project will help integrate current practices with teacher professional growth plans, SMART goals, and AFL assessments. It will also infuse technology, best practice based strategic instruction, Understanding by Design planning, and effective formative and summative assessment into existing practices. Time will be spent becoming familiar with the renewed curriculum, outcomes, indicators, resources, and assessment.

- So that teachers .....**
- gain awareness of the outcomes and indicators for the ELA curriculum as well as the national technology standards.
  - collaboratively plan UbD units that integrate technology to be posted on the SRSD C.O.W.
  - gain an understanding of effective student assessment and use of rubrics.
  - recognize the importance of explicitly teaching reading, writing, listening, viewing, representing, and speaking strategies.
- So that students....**
- benefit from strategic, differentiated instruction based on their interests and academic needs.
  - gain an understanding of the value of effective assessment.
  - are engaged in inquiry learning with technology integrated throughout.
