Goal: It is important that teachers have a common understanding of the components of an effective kindergarten program in SRPSD. This initiative will concentrate on the three components of kindergarten: environment, conversations, and inquiry-based play. With a division focus on assessment, documentation and assessment of learning outcomes will also be addressed.

- So that teachers**
- **have an opportunity to learn how inquiry and a classroom environment can be structured to enhance learning.**
 - **become familiar with effective unit planning, documentation, and assessment in kindergarten**
 - **collaborate and create documentation ideas, assessment rubrics, and checklists for curricular outcomes**
- So that students....**
- **benefit from the environment, conversations, and inquiry-based play in their classroom**
 - **benefit from strategic teaching and assessment**
