We feel respected.”

“I like the one on one support from staff.”

## PACI 2011-2012

The academic program at PACI is strong. We can proudly refer to examples of recent PACI graduates who are now engineers, nurses and teachers. Others are working towards becoming journeymen trades people. Still others have started businesses or have joined the work force.

We are building upon the success of our music program. Beginning in the fall of 2011, we will be expanding our performing arts focus by offering the following Fine Art credit classes:

- Dance 10, 20 and 30
- Choral 10, 20 and 30

Our new partnerships with distinguished arts organizations within the community will help us provide a well rounded and rewarding Fine Arts experience.

The PACI Alumni Association is tangibly supporting our future. So far thousands of dollars have been provided for scholarships, technological enhancements and the development of our dance studio.

The PACI staff are incredible. They have high expectations. They support all our students. They volunteer hundreds of hours for the extra-curricular programs. They want all students to be successful.

You have three Sask Rivers choices for high school. Do you have the pride, desire for achievement, courage and integrity to be a PACI Golden Bear?
