

BACKGROUND

As a public school division, we welcome all students and seek to provide excellence in each student's educational experience. We take great pride in the range of programs we offer our students, in the relationships we have with families and in the many ways we work with other agencies in the community, all on behalf of what's in the best interests of students. We are also very proud of our staff's expertise and passion for meeting the educational needs of our students.

In Saskatchewan Rivers Public School Division, we have a clear focus on student engagement and achievement. This focus is evident in the Strategic Plan that is guided by the Mission, Vision and Core Values of the Division and is centered on providing excellence for every learner. Saskatchewan Rivers Schools are committed to providing quality education for all students as exemplified by the school division motto "*Excellence for Every Learner*". The work of the school division is driven by our commitment to achieving our long range goals through broad strategies and specific actions in each goal area.
