Background

The Division recognizes the right of parents to register their children in a home-based education program with the school division. The Division also recognizes that the costs of a home-based education program rest with parents who choose this form of education for their children.

Procedures

1. The superintendent responsible for home-based education will ensure that:
 - Home-based education programs are registered, administered and monitored in accordance with *The Education Act, 1995*, and Home-Based Education regulations and policy guidelines of the Ministry of Education. [SRPSD Home-based Information](#)
 - A permanent record for each home-based education program is maintained.
 - The Special Education Plan addresses services for special needs students enrolled in a registered home-based education program.
2. The Division will provide funds to each home-based learner who is registered with the school division by September 30th and continues their home-based education through to June 30th of each school year. This funding will be payable to the student's parents/guardians following the receipt of an approved Education Plan in September of each school year and a yearend report on or before June 30th of each school year.
