

Trina M. Joseph
In-City Subdivision

Born and raised in Prince Albert, I have worked and volunteered in a variety of capacities. I now have the opportunity to raise my children in the community I am proud to call home.

I attended the First Nations University of Canada (a federated college of the University of Regina), where I received a Bachelor of Arts degree and a Bachelor of Indian Social Work. I am currently employed as a Retention Specialist at the university from which I received my education.

I am committed to being a voice for our students, families, and the staff of our school division. As a parent, I have been able to see the amazing work being done with the students, as well as the areas that could be improved. I look forward to the opportunity to work collaboratively with all stake holders in an effort to provide a top notch education for students.
