I am asking for your support on October 26<sup>th</sup> to allow me to serve another term with Saskatchewan Rivers Public School Division. We have accomplished much as a progressive School Division and I would welcome the opportunity to continue to provide our 9,000 students with the best possible educational experiences.

I retired in 2007 after 24 years as a school based administrator at PACI, Vickers and Arthur Pechey Schools. I then taught at Saskatchewan Penitentiary, and am presently at Saskatchewan Polytechnic as a Tutor/Invigilator and Casual Instructor. I have done contract work for the University of Regina, University of Saskatchewan, Aboriginal Policing Program, and the Entrepreneurship and Small Business Program.

In 2014 the Lieutenant Governor of Saskatchewan appointed me to the Public Complaints Commission, a 5 member civilian oversight board reviewing complaints of Municipal Police officers and the public.

I was a Councillor for the City of Prince Albert from 1994 to 2006, and served on many boards and Committees that allowed me to see the many gifts we have within our City and surrounding area.

I feel my varied experiences will complement the direction of our Public School Division, and afford us all an opportunity to enhance the education for each of our students.

Sincerely,

Arne Lindberg
