

Bill Yeaman—Subdivision 1

Hello Voters,

I would look forward to the challenge and commitment of serving on the Saskatchewan Rivers School Board. I know that the education we offer to our students in this School Division is among the best in the province. With my skills and experiences as an educator for 35 years, I know I can make a positive contribution to this continued success. I taught at Birch Hills Public School for twenty-three years. Additionally, my last 10 years was at Kinistino Public School as an Administrator and Principal. It has been a positive experience working and becoming acquainted with parents, students and the public from these two communities. I have served on various committees such as Chairperson for the LINC committee during the amalgamation of the former school divisions, eight years on the provincial executive for Saskatchewan High School Athletics and ran as a candidate for the Batoche riding in the 2003 Provincial election. I have volunteered my time for numerous community activities and projects in Birch Hills. Both of our children graduated from the Birch Hills Public School. My wife and I continue to reside in Birch Hills as I begin my third year of retirement. Saskatchewan Rivers School Division needs to continually keep current with making decisions that will impact the future of education in the best possible way. I have invested 33 years into the education of students with this school division. With your support, I will be your voice in representing our rural communities with the Saskatchewan Rivers School Board.
