

Brent Zbaraschuk

In-City Subdivision

306-960-8849

bjzbaraschuk@sasktel.net

Parents, schools and the community have important roles in raising healthy productive children. Brent will work with teachers and administration to ensure successful outcomes are achieved based on our ever growing city's needs and demographics. Graduation rates, adequate resources and life skills training will be a focal point. We must continue exploring partnerships to ensure operational and capital projects are sustainable for our future success as a progressive school division.

Brent completed a Bachelor in Human Justice from the University of Regina and the Forest Eco-systems Technology Diploma from SIAST. Brent's practical and managerial skills will make him the ideal advocate for students, teachers and the ratepayers of our school division.

Brent has supported community development and programming over the last three decades as a board member of John Cuelenaere Library, Reeve and councillor of a local municipality and vice-president of the Saskatchewan Hockey Association (20000+ youth participants).
