

George McHenry

In-City Subdivision

George McHenry — Candidate for the Saskatchewan Rivers Public School Board of Education

I am a life long resident of Prince Albert blessed with four daughters and nine grandchildren.

My educational background includes degrees in Education and Arts and Science from the U of S. I retired from teaching after 32 years as a classroom teacher, Vice-Principal, and Principal.

My experience as a trustee includes several terms on the School Board holding positions of Chairman and Vice-Chairman. Working with my fellow trustees and senior administrators has been a rewarding experience, as we strive to provide the best educational opportunities for our students.

The next term will be challenging as the Ministry continues to bring fourth new initiatives, affecting the operation of our School Division. Local autonomy and speculation on the governments Transformational Change for School Divisions is concerning for Boards. I would like to continue to work on your behalf. Your support would be appreciated on October 26th.
