

Darlene S. Rowden—Subdivision No. 2

Greetings!

I am Darlene Rowden, I live and work on our family's cattle ranch about 20 minutes SW of Prince Albert. Rural PA is a great area to work and raise a family, with lots of space and endless opportunities.

I've been very fortunate to represent Subdivision 2 (the rural doughnut around the city) on the Board for the past two terms. I feel we have accomplished many good things for the whole school division along with our tremendous staff. We have implemented forward thinking ideas such as Student Trusteeship, Board/Director evaluations, created a Program Enhancement Grant, and very recently started a SK River's Foundation to name a few. The projects and responsibilities we have are very exciting to me and I look forward to continuing with these and being the voice for Subdivision 2 at the Board table.

I am also a Director with the PA EX, co-directing 4-H Finished Beef and Beef Cattle at the Summer Fair. My family is very much involved with the 4-H program and are passionate about developing well adjusted youth and raising and showing good cattle. I am a past 4-H Leader and still thoroughly enjoy helping with the 4-H kids. I am also very grateful for the lifelong friends made along the way.

The St. Louis Wapiti Library Board is another organization I'm involved with. We concentrate on keeping the rural library a vibrant and interesting place to be for local residents and surrounding communities.

I look forward to another term as a School Trustee, working toward a better future for our division and most importantly, our students.

Sincerely, Darlene Rowden
