

Arne Lindberg

Having served as a Trustee since 2008, my background knowledge and passion will serve us well as we move forward through uncharted territory and navigate through the Covid cloud.

All educational partners must be invited and be fully engaged in this new and evolving educational model to ensure that each student achieves personal success.

My educational and work experience background will serve us well as we work together to provide the very best educational programming to suit the demands and requirements of our ever-changing school environment.

Currently I am employed on a casual basis with the Department of Adult Education at Polytechnic, am a member of the Ranch Ehrlo board, the Community Service Center Board, the Joint City/School Board advisory committee, Provincial Public Complaints Commission, and am a Notary Public and a Marriage Commissioner.

I look forward to serving another term with SRSD, and ask for your continued support.
