

Alan Nunn

My name is **Alan Nunn** and I have lived in Prince Albert most of my life. I retired after a career of 42 years in education; 34 of them with the Saskatchewan Rivers Public School Division. I believe I can continue making a positive contribution to education in Prince Albert and surrounding SRPSD areas as a Board Trustee. Through my role as Superintendent, I gained a first-hand understanding of how the Board of Education process works, specifically at the local level. As Board Trustees, we must use provincial funding to ensure equitable supports for teaching and learning. I will work to do what is right for all students, teachers, administration and families. If elected, I will keep SRPSD focused on what's needed most today- **maximizing student learning** in a school division that supports all of its stakeholders. I ask for your vote on **Monday, November 9th**. Thank you.
