

Alan Nunn

My name is Alan Nunn and I am running for a second term as School Board Trustee for SRPSD. I have spent most of my life and career in Prince Albert; spending 42 years in education; 34 with the Saskatchewan Rivers Public School Division. I know how the education system works and what we need to do to support all of our our students for success. "Excellence For Every Learner". As a trustee we need to be ready to respond to the government with their unannounced funding. I am ready to make decisions to see where these dollars go to benefit our students and staff to provide the best learning possible. We have a great staff who know how to maximize learning for all students at all levels. I want to continue to work for students, with our teachers, support staff, administration and families! Re-elect me and I will continue to support what is best for student learning in our Division. We need to continue offering the best programs for all students to succeed. I promise to keep SRPSD focused on what we need to do to maximize student learning for all in a Division that supports its stakeholders.

I ask for your support on Wednesday, November 13th. Thank you.
