

Bill Yeaman - Subdivision 1

Hello, my name is Bill Yeaman, and I humbly seek your support for a third term as a Saskatchewan Rivers Public school board trustee for the rural subdivision 1.

It has been my privilege to represent the interests of the Birch Hills and Kinistino school communities for the last eight years. As a board member, it is my duty to represent all school communities and students who attend Saskatchewan Rivers Public schools. As a school division with diverse needs and issues, I am an experienced voice at the board table. As a former educator and principal with 33 years of teaching in Sask Rivers, I bring an educational perspective to the decision making process. Furthermore, as a resident of the Birch Hills community, I understand the educational needs of a rural community.

I will continue to advocate for the funding that our students, teachers, and school communities require and deserve.
