

Cher Bloom - Subdivision 4

I am running for re-election for my second term in Subdivision 4, Shellbrook-Wildrose, as trustee for the Saskatchewan Rivers School Division.

I attended and graduated from Canwood school and currently work as a Dental Therapist at the Shellbrook Dental office.

I have enjoyed my four years serving the school division as a board trustee. I believe a strong education is key to reducing many social problems that we see today. As my children both attended their education in Shellbrook, I joined the school board to advocate for rural concerns while at the same time striving to bring improvements to the entire division. Education needs strong advocates on the board to give feedback from their communities while also advocating for adequate funding from Provincial levels.

I look forward to serving another four years as a board member and continuing to support both my communities and the division as a whole.
