

Report to the Community

Annual Report Summary 2022/2023

**Saskatchewan Rivers
Public School Division**

Excellence for Every Learner

- We were proud to serve 8874 students across 33 schools situated in 16 different communities in 2022/23
- 1038 Staff members including:
 - 588 STF Employees
 - 388 CUPE Employees
 - 25 Out of Scope Employees
 - 37 Contracted Mentors
- Each one of our schools had a School Community Council ensuring parent voice is heard in each school

Areas of Focus

Learning and Assessment
Indigenous Education
Mental Health & Well-Being
Student Transitions

Our Priorities

Leadership and Learning
Mental health and Well Being
Inclusion and Cultural Responsiveness
Citizenship and Relationships
Governance and Leadership

65 % of Kindergarten students are able to complete developmental tasks.
An increase of 27% from fall results.

84% of our students graduate within 5 years of beginning high school, 96% of non-indigenous students, and 73% of indigenous students

The number of grade 3 students reading close to or above grade level has increased 3.7%

3 year graduation rates increased by 11% for all students and 15% for students who identify as First Nations, Metis and Inuit. Our FNMI graduation rate is 12% higher than the provincial average

As an act of reconciliation in response to the Truth and Reconciliation Calls to Action SRPSD has established a vibrant Elders Council that meets with the Board seasonally to advise and guide the Board in its goals and actions. In addition, the Elders frequently provide active support to students, classrooms, schools and central office staff. Elders' teachings are shared through presentations, stories, conversations, land-based learning and in other ways as well. The Elders Council helps the division to move towards the achievement of all five goals in the Inspiring Success policy framework, but especially the goals for valuing culture and for shared management and respectful relationships.

Improvement Areas

High School Credit Attainment

There are several actions taken to support a continued increase in credit attainment. These include a refreshed procedure for credit recovery in our high schools, a stronger core of mentors to support students in their high school success and a focus on accelerated learning strategies. Additionally, every high school has an individual that is responsible for supporting high school transitions. The individuals in these roles are supported by the High School Consultant and they meet twice a year. Schools continue to benefit from participating in the Following Their Voices provincial initiative.

Grade 3 Students Reading at Grade Level or Above

SRPSD has hired additional Literacy Support Teachers. These teachers are placed within schools that demonstrate the greatest needs. Literacy Support Teachers participated in ten days intensive professional training that supported them with the background research in the science of reading, oral language development, culturally responsive pedagogy and peer coaching. SRPSD is currently implementing high effect instruction and assessment practices, based on the research of John Hattie, Dr. David Kirkpatrick and Dr. Louisa Moats.

Mental Health and Wellbeing

SRPSD has a Mental Health and Wellness capacity-building team comprised of one consultant, three coaches and 12 social workers. The team collaborates with classroom teachers and school administrators in their assigned schools with a particular focus on supporting trauma-informed practices and social-emotional learnings. SRPSD is also a partner with the SHA with PACI as a pilot school for their Mental Health Capacity Building in Schools project. Our Mental Health team offers ongoing professional development for SRPSD personnel and has also been a leader in facilitating sessions at the provincial Mental Health Symposium.

2022- 2023 Celebrations

These events are a snapshot of all the things to celebrate in SRPSD and not a comprehensive list

Ecole Arthur Pechey School Wins 2023 Mosaic Grant
